How we work out Council Tax

The Assessor, who works for the Central Scotland Valuation Joint Board, values your home and puts it into one of eight valuation bands from A to H. The value is based on how much your home would have been worth on the open market on 1st April 1991.

Once we know how much money we need to raise from Council Tax, we work out what someone living in a home in Band D would have to pay. We then work out the rate for the other bands by using the 'multiplier' set by the Scottish Government.

Who is responsible for paying Council Tax?

The person highest on the list below is usually responsible for paying:

- the owner who lives in the property;
- the tenant who lives in the property;
- the sub-tenant who lives in the property;
- someone else who lives in the property; or
- the owner if nobody lives in the property.

Couples who are married, living together as man and wife or civil partners are responsible, jointly and individually, for paying Council Tax even if their names are not on the bill.

Joint owners or tenants are also responsible, jointly and individually, for paying Council Tax.

Note: 'Jointly and individually' means that the amount on the bill is not split into shares. We can choose to collect the full amount from anyone who is legally responsible for it. It is then up to the person who has to pay to get back a share from everyone else.

Changes in your circumstances

You must tell us about any change in your circumstances within 21 days of the change. An example would be where another adult moves into your home and you are receiving a Council Tax discount.

Help to pay your Council Tax

You may be entitled to help to pay depending on your household income and circumstances. Council Tax Reduction is help towards the Council Tax bill for your home. Second Adult Reduction is available if you have someone else living with you, not a partner, who is not responsible for paying Council Tax and is based on their income and circumstances.

Council Tax Reduction

Who can apply for help?

The person(s) responsible for paying Council Tax.

We need to know the details of the people living in your household and details of all income, savings and state benefits you, your partner (if you have one) and any non dependants living with you, get.

If you have over £16,000 in savings, you will not be entitled to help unless you receive the guaranteed part of Pension Credit. We ignore the first £6,000 of savings if you are under pension age. For every £250 you have over that amount, we count £1 per week as income. If you are of pension age, we ignore the first £10,000 of savings and we count £1 per week as income for every £500 over that.

Council Tax Reduction - Second Adult

If you have another adult living in your home who is on a low income and who is not your partner, you may receive help even if you do not qualify for main Council Tax Reduction.

Any entitlement will be based on their income and circumstances not your own. This may be up to 25% of your Council Tax bill.

Council Tax Reduction - Band E-H

Protection from the 1st April 2017 increase in charges for those in Band E-H is available to households with an average weekly income less than £479 (or less than £321 for single person households).

If you claim Council Tax Reduction we will pay the higher of the three available reductions. Your entitlement will normally start from the Monday following the date you either first contacted us to make an application, or the Monday following the date we first received your application, whichever is earlier. You cannot get help to pay your water and waste water charges.

In most cases we are not able to backdate Council Tax Reduction. Therefore, it is very important that you do not delay in making your application.

If you are not already getting help you can apply online via www.falkirk.gov.uk/ctr, or phone 01324 506070 for an application form.

If Council Tax Reduction is awarded, or you already receive it, it will be shown on your bill.

Discounts

You will get a discount on your Council Tax if you tell us only one person aged 18 or over is living in the property; or nobody is living in the property. When deciding how many adults live in a property, we do not count certain people. The most common examples of people we do not count are as follows:

- full-time students, student nurses, apprentices;
- people who have severe mental health difficulties;
- 18 and 19 year olds who are at school, or who have just left school;
- unpaid care workers who care for someone other than their partner, or a child aged under 18.

Exemptions

You may get an exemption from Council Tax if certain conditions exist, for example:

- if nobody is living in the property and there is no furniture. The exemption lasts up to six months from the date someone last lived in the property;
- if everyone living in the property is a student;
- if the estate of a person who has died is liable for paying Council Tax. This can last for up to six months after the 'Grant of Confirmation' (legal proof that a person has permission to manage the estate); or
- if the property is not being lived in as it is undergoing major repair work to make it habitable or structural alterations. The exemption lasts up to twelve months from the date someone last lived in the property.

Long-Term empty properties

If you have a property that has been unoccupied for over 12 months you may be charged 200% council tax.

There are certain protections from this, (e.g. if your property is being marketed for sale or rent, the additional charge would not apply until after 24 months).

Help for disabled customers

You could pay less Council Tax if a disabled person lives in the property and needs:

- an extra room to meet their needs; or
- an extra bathroom to meet their needs; or
- to use a wheelchair in the home.

If this is the case we will charge you the Council Tax for the band below your actual property band. A reduction is also available for Band A property.

Care Leavers

From 1st April 2018 Care Leavers can get an exemption from Council Tax, if they are the only adult (person over 18) in the property. Even if other adults are resident, Care Leavers may still receive a discount. This applies until 26th birthday of Care Leaver. Contact 01324 506070, or revenues1@falkirk.gov.uk, for more information.

How to apply for discounts, exemptions and help for disabled customers

You can apply for most reliefs online at www.falkirk.gov.uk/request or telephone 01324 506070 for an application form.

Council Tax appeals

You can appeal against either:

1. The amount of Council Tax you have to pay because we have not awarded a discount or an exemption; or
2. Our decision that you are responsible for paying Council Tax.

You must continue to pay your Council Tax until we have made a decision on your appeal. If your appeal is successful, any subsequent credit would be refunded (or offset against any other debt you owe Falkirk Council).

If you want to appeal, please write to Council Tax Appeals, Falkirk Council, Revenue Services, PO Box 21764, FALKIRK, FK1 9GJ within two months of the date of the decision.

If you remain dissatisfied with the response, or you do not receive a response within two months, if your appeal is against reason 1 or 2, you have the right of appeal to the Valuation Appeal Committee (VAC) which is an independent body who will consider the facts and give a ruling as to whether or not our decision is correct. Your request to appeal to the VAC should be made to the above address within four months of the date of your original appeal.

Private landlords

If you rent out property, either direct or through an agent, you are still responsible for providing us with information about the tenants who live in your properties. If someone else leases out your properties on your behalf, you must tell them to keep us up to date with any tenancy changes.

To allow us to decide who is responsible for paying Council Tax, you must confirm the following details, in writing, as soon as possible after there has been a change to a tenancy:

- the address of the property (including the flat number);

- the names of all tenants who are moving out of the property;
- the date the lease ends;
- the tenants' new addresses, if you know these;
- the names of all tenants who are moving into the property;
- the date the new lease starts;
- the previous addresses of all new tenants, if you have these details; and
- confirmation of whether the property is let as furnished or unfurnished.

We may also need a copy of any lease. If we do, we will contact you. The owner will be responsible for Council Tax between tenancies.

Appeals against Council Tax bands

If you became the taxpayer within the last 6 months, you can appeal against your Council Tax band to the Assessor.

However, if you do so, you must continue to pay your Council Tax until the Assessor has made a decision on your appeal.

Contact The Assessor for Central Scotland
Laurelhill, Stirling FK8 2NA Tel: 01786 892200

If your appeal is successful, we will refund any overpaid Council Tax to you or, if you owe any other outstanding debt to Falkirk Council, transfer it to reduce that debt.

Ways to pay your Council Tax

Direct Debit

If you have a bank/building society current account you can pay by Direct Debit.

We always tell you how much your payments are going to be, and it's guaranteed against mistakes.

Choose to pay weekly, fortnightly, four weekly or monthly on a date to suit you.

You can set this up online at www.falkirk.gov.uk/howcounciltax

If you can't pay by Direct Debit, you can find other ways to pay on that page too.

The Direct Debit Guarantee

This Guarantee is offered by all banks and building societies that accept instructions to pay direct debits.

If there are any changes to the amount, date or frequency of your direct debit, Falkirk Council will notify you 5 working days in advance of your account being debited, or as otherwise agreed.

If you request Falkirk Council to collect a payment, confirmation of the amount and date will be given to you at the time of the request.

If an error is made in the payment of your direct debit by Falkirk Council, or your bank or building society, you are entitled to a full and immediate refund of the amount paid from your bank or building society.

If you receive a refund you are not entitled to, you must pay it back when Falkirk Council asks you to.

You can cancel a direct debit at any time by simply contacting your bank or building society. Written confirmation may be required. Please also notify us.

Online at www.falkirk.gov.uk/pay

You can use this facility 24 hours a day, 7 days a week. When making your payment, you will need to have your Council Tax account number. We will credit the payment to your account next working day (for payments made before 8pm).

Telephone

If you can't pay online, you can also pay 24 hours a day, 7 days a week using the automated payment line 01324 506070 – option 4, option 1, option 1. You will need to have your account number details when you call. You can also use the assisted payment line from 8am – 8.30pm Monday to Friday – option 4, option 1, option 2. These opening times may be subject to change. We will credit the payment to your account next working day (for payments made before 8pm).

UK Post Office or Paypoint Outlet

If you can't pay by one of the above, please ask us for a barcode or payment card to use to pay at a Post Office or PayPoint outlet.

Go Paper Free for Bills!

We now offer paper free Council Tax billing

- Helps us save on postage, as we don't need to send you paper bills
- Instead we will email you a PDF copy of your bill
- You can view your balance and account details online at any time by adding your Council Tax account to your My Falkirk account

Fill in the quick form at www.falkirk.gov.uk/ectax

Missed or late payments

We must receive your Council Tax payment on or before the payment date shown on your demand notice.

If we don't, we will ask you to make the missed payment (known as arrears) within seven days.

If you do not do this, you will lose your right to pay by instalments after another seven days.

If not paid, the amount you owe for the rest of the year will then be due immediately and we will apply to the Sheriff Court for a 'summary warrant', which allows us to collect the tax you owe us. At this stage, we will add costs of 10% of the amount you owe.

If you are finding it difficult to pay your bills, the earlier you contact us or an advice agency, the better. You should establish what you are able to pay, before making a formal agreement.

We have professional debt advice officers who can provide free, confidential, impartial and independent advice and support on 01324 506735 or www.falkirk.gov.uk/moneyadvice

The Citizens Advice Bureaux also provide free and independent advice on a wide range of subjects.

- If you do not pay, you may end up having: money taken from your wages
- your bank account 'frozen', and the funds owed withdrawn from your account; or
- money taken from your Income Support, Jobseeker's Allowance or Universal Credit.

How your money is spent

The money we need to spend to provide services is set out in our yearly 'revenue budget'. This budget relates to all services except housing, which is funded entirely from money we receive from rent.

Gross spending is total spending. Net spending is spending less fees and charges.

Spending on our services

The Scottish Government's assessment of the spending need for Falkirk Council is £5,261 for every house.

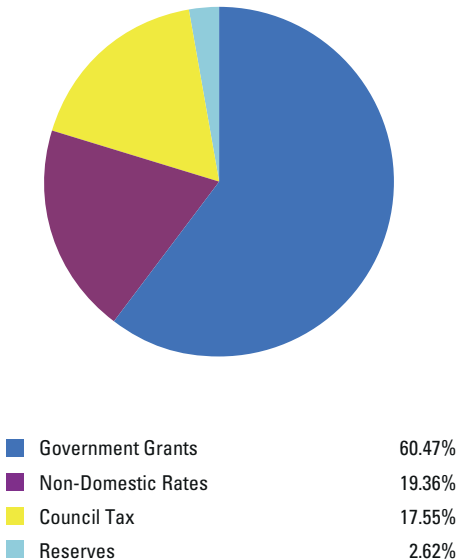

The Council's proposed spending amounts to £5,479 per house.

Council Budget 2022/23

Our budget has been set at £415.4m which includes ring fenced grants of £23.1m.

The money comes from a number of sources, the most important of which is grants from Scottish Government. The chart below shows the various sources of the funding we will receive..

Sources of Funding

After taking account of Scottish Government grants, National Non-Domestic Rates and other sources of funding, we raise the rest of the money we need from Council Tax, which will fund 17.55% of our spending.

The Council Tax for a house valued at Band D will be £1,274.60 in the financial year 2022/23. For details of the Council Tax charge for the other valuation bands go to page 5.

The table inside shows how the 2022/23 Council Tax has been calculated and how the Council intends to finance its expenditure. The estimated net expenditure for each Service is also shown.

The chart below shows where our main areas of spending will be during 2022/23.

Total Net Expenditure per Service

Children's Services	59.64%
Social Work Adult Services	0.85%
Place Services	8.06%
Corporate and Housing Services	8.73%
Integration Joint Board	20.06%
Joint Valuation Board	0.35%
Capital Charges	2.31%

Water and waste water services charges

Your Council Tax bill includes the charges for your water supply and waste water collection (sewerage) services from Scottish Water, even if you receive Council Tax Reduction.

The charges are based on the Council Tax Band for your home (see page 5) and apply to every household which has a connection to the public water supply, the public waste water network, or both.

Falkirk Council bills and collects these charges on behalf of Scottish Water and details of how to pay can be found on your Council Tax bill.

The charges you pay allow Scottish Water to operate and improve water and waste water services in communities across Scotland. These vital public services help you and households across Scotland go about your day-to-day lives.

Scottish Water deliver 1.53 billion litres of clear, fresh drinking water every day so it's there whenever you turn on the taps, and they protect the environment by removing and treating 1.08 billion litres of waste water every day.

They operate more than 2,000 water and waste water treatment works and over 60,000 miles of water pipes and sewers.

Drinking water remains at its highest ever level. Scottish Water carries out, on average, 1 quality test every 2 minutes[^] on the water they supply to your taps.

Scottish Water's focus is on delivering an excellent service, providing great value for money, and reducing the effect they have on the environment. Scottish Water work 24 hours a day, 365 days a year to keep the water cycle running.

This costs around £1 a day for the average household*.

[^] This is based on 2020 figures, the most up to date figures available at time of going to print.

* The average household is between Council Tax Band B and Band C and has a combined bill of around £1 a day.

Around £1 a day doesn't buy much these days— you wouldn't get a takeaway coffee, a bus ticket, or a newspaper for that. And yet, for around £1 a day you get to do a long list of essential things, such as take a shower, wash your clothes, cook, clean, flush the loo, heat your home and, of course, have a cuppa. Most people in Scotland use about 165 litres of tap water every day.

We live in an ever-changing world. Climate change and different weather patterns make it harder to deliver the water Scotland needs every day. Scottish Water is investing over £600 million a year to keep Scotland's water the way you like it.

Scottish Water work to deliver their services and transform the organisation to make sure it can meet future challenges, especially around climate change, maintaining and replacing ageing infrastructure and reducing carbon emissions.

They always aim to deliver on their promises and improve the service and value they provide. It is important that they aim to provide you with great customer experience, and when they say they will do something, they do it.
